## About

# Living Fruits Blueberries

## Blueberries like no other

Our tasty, nutritious blueberries are spray free, hand-picked and packed on site. Our regular customers love the flavour and sweetness of our blueberries ... and keep coming back for more.  
Available November to March.

We follow recognised quality processes in bringing the freshest and best quality fruit to you (NZGAP accredited).

## Our story

Living Fruits is a hands-on, family owned and run orchard/business. Sue and Murray run the farm and their daughter, Amy, helps out, having recently moved back to Kerikeri with her husband and three children.

In 2002, we bought our 4.6 Ha block 10 minutes north of Kerikeri and planted our blueberries.

We love the lifestyle, growing healthy fruit and veg, and its a great place for our children and grandchildren to come home to.
